

Teacher:

In this class we'll continue the program started last year to cover everyday French themes. We will listen to stories and songs in French, watch French cartoons, do playful activities in order to memorize the new vocabulary.

This session, our topic is "the weather"

Vocabulary :

le soleil = sun	le vent = wind
l'orage = thunderstorm	un nuage = cloud
chaud = hot	froid = cold
la neige = snow	la pluie = rain

Communication : describe the weather

- il fait .../ il y a du ...
- il neige/il pleut

Project :

We will record our own weather forecast

Toward DELF (Diploma in French language):

The DELF Prim is a diploma aimed at children from 8 to 11 years old who are beginners in French. It is internationally recognised and valid for life. In order to acquire the needed skills for this diploma, we will save some time in each class to revisit previous topics in different context like family, animals, clothes, food, sports and activities, the body parts, ...
